

One set, two correct sorts

HIGHER CHALLENGE AND EARLY-FINISHER REASONING

Year 1 Maths | Autumn Week 1 Day 1 | Page 1

Name: _____

Date: _____

Use the same six objects for both rules. Prove that both sorts work.

1. Create a set of six objects that has at least two colours and two shapes.

2. RULE 1

I sorted by _____.

3. RULE 2

I sorted by _____.

4

Which rule makes the most useful groups? Explain why. There may be more than one good answer.

5

Pip puts a small red circle with big red circles. What rule might Pip be using? Give two possibilities.

Extra proof:

Choose one object. Explain why it belongs under Rule 1 and under Rule 2.
