

BrightPath Year 1 Maths

30-week teaching map | 150 daily lessons

A practical five-days-per-week sequence based on the Year 1 National Curriculum for England and the whole-year strand order in the supplied reference. The original 36-week outline is compressed into three ten-week terms while keeping number, calculation, geometry, measures, multiplication and division, fractions, position and direction, money, time and consolidation.

Term	Weeks	Main sequence
Autumn	1-10	Place value within 10; addition and subtraction within 10; shape; consolidation
Spring	11-20	Place value within 20 and 50; addition and subtraction within 20; length, height, mass and volume; consolidation
Summer	21-30	Multiplication and division; fractions; position and direction; place value within 100; money; time; consolidation

Planning note

Use each daily title as a lesson focus. Adapt pacing to formative assessment, revisit prerequisite knowledge when needed, and use Week 10, 20 and 30 to respond to pupil evidence rather than simply repeating content.

Autumn term | Weeks 1-5

Five lesson focuses for every teaching week

Week and unit	Day 1	Day 2	Day 3	Day 4	Day 5
Week 1 Place value within 10	Sort objects into groups	Count objects using one-to-one correspondence	Represent numbers 0 to 5	Match numerals to quantities 0 to 5	Compare sets using more, fewer and equal
Week 2 Place value within 10	Count and represent 6 to 10	Read and write numerals 6 to 10	Place numbers on a 0 to 10 track	Find one more within 10	Find one less within 10
Week 3 Place value within 10	Compare quantities within 10	Compare numerals within 10	Use greater than, less than and equal to language	Order numbers from smallest to greatest	Find missing numbers in sequences
Week 4 Place value within 10	Find number bonds within 5	Find bonds systematically	Use part-whole models	Find number bonds to 10	Solve place-value and bond problems
Week 5 Addition and subtraction within 10	Combine two groups	Understand the plus and equals signs	Add by counting all	Add by counting on	Represent addition stories

Autumn term | Weeks 6-10

Five lesson focuses for every teaching week

Week and unit	Day 1	Day 2	Day 3	Day 4	Day 5
Week 6 Addition and subtraction within 10	Take away from a group	Understand the minus and equals signs	Subtract by crossing out	Subtract by counting back	Represent subtraction stories
Week 7 Addition and subtraction within 10	Build addition fact families	Connect addition and subtraction	Find a missing part	Compare addition statements	Compare subtraction statements
Week 8 Addition and subtraction within 10	Choose addition or subtraction	Complete missing-number calculations	Solve one-step word problems	Spot and explain calculation errors	End-of-unit assessment
Week 9 Shape	Name common 3D shapes	Describe and sort 3D shapes	Name common 2D shapes	Describe and sort 2D shapes	Make repeating patterns with shapes
Week 10 Consolidation	Review place value within 10	Review comparing, one more and one less	Review addition within 10	Review subtraction within 10	Autumn problem-solving check

Spring term | Weeks 11-15

Five lesson focuses for every teaching week

Week and unit	Day 1	Day 2	Day 3	Day 4	Day 5
Week 11 Place value within 20	Count from 10 to 20	Build teen numbers with one ten and ones	Represent numbers 11 to 20	Read and write numerals 11 to 20	Compare teen numbers
Week 12 Place value within 20	Order numbers to 20	Find one more and one less	Use a 0 to 20 number line	Complete missing-number sequences	Place-value assessment and application
Week 13 Addition and subtraction within 20	Recall number bonds to 10	Find number bonds to 20 with objects	Find doubles within 20	Use near doubles	Add ones by counting on
Week 14 Addition and subtraction within 20	Add by bridging through 10	Subtract without crossing 10	Subtract by bridging through 10	Build fact families within 20	Complete missing-number calculations
Week 15 Addition and subtraction within 20	Solve addition word problems	Solve subtraction word problems	Choose the correct operation	Explain and correct errors	End-of-unit assessment

Spring term | Weeks 16-20

Five lesson focuses for every teaching week

Week and unit	Day 1	Day 2	Day 3	Day 4	Day 5
Week 16 Place value within 50	Count groups of ten	Identify tens and ones	Represent numbers 21 to 50	Count forwards and backwards to 50	Place numbers on a 0 to 50 line
Week 17 Place value within 50	Find one more and one less within 50	Compare numbers within 50	Order numbers within 50	Count in twos and fives	Place-value assessment and application
Week 18 Length and height	Compare lengths	Measure length with non-standard units	Measure and record length in centimetres	Compare heights	Solve length and height problems
Week 19 Mass and volume	Compare mass	Measure mass with non-standard units	Explore full, empty and capacity	Compare volume and capacity	Solve mass and capacity problems
Week 20 Consolidation	Review place value within 20	Review addition and subtraction within 20	Review place value within 50	Review length, height, mass and capacity	Spring problem-solving check

Summer term | Weeks 21-25

Five lesson focuses for every teaching week

Week and unit	Day 1	Day 2	Day 3	Day 4	Day 5
Week 21 Multiplication and division	Count in twos	Make equal groups	Write repeated addition	Build and describe arrays	Find doubles by making two equal groups
Week 22 Multiplication and division	Count in fives and tens	Share objects equally	Group objects equally	Solve grouping and sharing problems	End-of-unit assessment
Week 23 Fractions	Recognise a whole and a half	Find half of a set of objects	Find half of a shape	Find half of a quantity	Explain that two halves make a whole
Week 24 Fractions	Recognise a quarter of a shape	Find a quarter of objects	Find a quarter of a quantity	Decide whether parts are equal	Fractions assessment and application
Week 25 Position and direction	Use positional language	Use ordinal numbers	Make whole, half and quarter turns	Describe direction and position	Follow and create simple routes

Summer term | Weeks 26-30

Five lesson focuses for every teaching week

Week and unit	Day 1	Day 2	Day 3	Day 4	Day 5
Week 26 Place value within 100	Count forwards and backwards to 100	Make groups of ten	Represent two-digit numbers	Read and write numerals to 100	Use a 0 to 100 number line
Week 27 Place value within 100	Find one more and one less within 100	Compare two-digit numbers	Order two-digit numbers	Count in twos, fives and tens	Place-value assessment and application
Week 28 Money	Recognise and name coins	Recognise and name notes	Compare coin values	Make the same amount in different ways	Solve simple money problems
Week 29 Time	Use before, after, earlier and later	Sequence days, weeks and months	Compare and measure hours and minutes	Tell the time to the hour	Tell the time to the half hour
Week 30 Consolidation	Review place value within 100	Review addition and subtraction	Review multiplication, division and fractions	Review measurement, money and time	Final assessment and pupil reflection
