

Compare sets using more fewer and equal

YEAR 1 MATHS | AUTUMN WEEK 1, DAY 5 | HIGHER CHALLENGE WORKSHEET

Name: _____

Date: _____

1. Draw two unequal sets. Write two comparison sentences about them.

2. A set has fewer than 5 but more than 2. List every possible quantity.

3. How can you change sets of 2 and 5 so they become equal? Give two ways.

4. True or false: the set that takes more space always has more objects. Explain.

5. Create a comparison where both sets are equal but look different.

Check: I used objects, pictures or words to show my thinking.
