

Sort objects into groups

YEAR 1 MATHS | AUTUMN WEEK 1, DAY 1 | HIGHER CHALLENGE WORKSHEET

Name: _____

Date: _____

1. Give two different rules for sorting a set of red and blue circles and squares.

2. Which rule gives two equal groups: colour or shape? Explain using your set.

3. Create a set of six objects that can be sorted in two ways.

4. Sam puts a small red circle with big red circles. What rule might Sam be using?

5. Explain why an object may belong to more than one possible group.

Check: I used objects, pictures or words to show my thinking.
