

Read and write numerals 6 to 10

YEAR 1 MATHS | AUTUMN WEEK 2, DAY 2 | HIGHER CHALLENGE WORKSHEET

Name: _____

Date: _____

1. Write three numerals from 6 to 10, then draw matching quantities.

2. Sam labels eight counters with 9. Correct both possible parts of the mistake.

3. Put 10, 6, 9, 7 and 8 in order. Explain how you checked.

4. Write a numeral greater than 7 but less than 10. Give every answer.

5. Create a wrong numeral-and-quantity match for a partner to correct.

Check: I used objects, pictures or words to show my thinking.
