

Apply autumn reasoning

Adult-led preparation before the main lesson. Use precise vocabulary and one step at a time.

Name: _____ Date: _____

1. Which prior skill will help with today's lesson? Autumn learning about place value, rounding, calculation, number properties and problem solving.

2. A journey starts at -12 m, rises 37 m, then drops 18 m. Final position?

3. Explain the first step you would take for: A school buys 32 packs of 145 books and gives 18 books to each of 240 pupils. How many books remain?

4. Miro says: Miro completes correct calculations but answers a different question from the one asked. What should Miro check?

Teacher answers and checking prompts

1. Which prior skill will help with today's lesson? Autumn learning about place value, rounding, calculation, number properties and problem solving.
Answer Pupil identifies a relevant fact, representation or method.
2. A journey starts at -12 m, rises 37 m, then drops 18 m. Final position?
Answer 7 m.
3. Explain the first step you would take for: A school buys 32 packs of 145 books and gives 18 books to each of 240 pupils. How many books remain?
Answer Retrieve the relevant fact or method before answering.
4. Miro says: Miro completes correct calculations but answers a different question from the one asked. What should Miro check?
Answer Return to the final question, label the answer and test whether it is reasonable in context.
